

Activating and using NetDocuments in your Rapid Legal Account

When the NetDocuments integration is enabled, you will see the NetDocuments option on the Documents tab when placing an eFiling order.

(Please note: Only Rapid Legal customers who have a NetDocuments account will be able to make the connection and use the integration.)

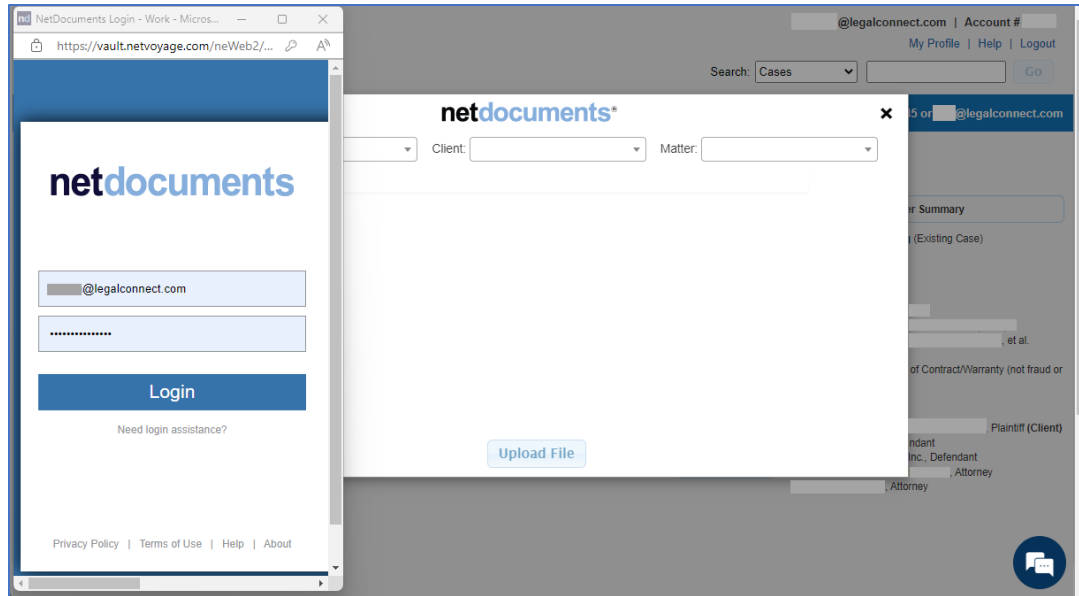

After selecting to upload a file from NetDocuments, the user will be prompted to make the connection.

1. From the “Documents” tab of an eFiling order, after selecting a Document Type, click the “Browse” button then “NetDocuments”.

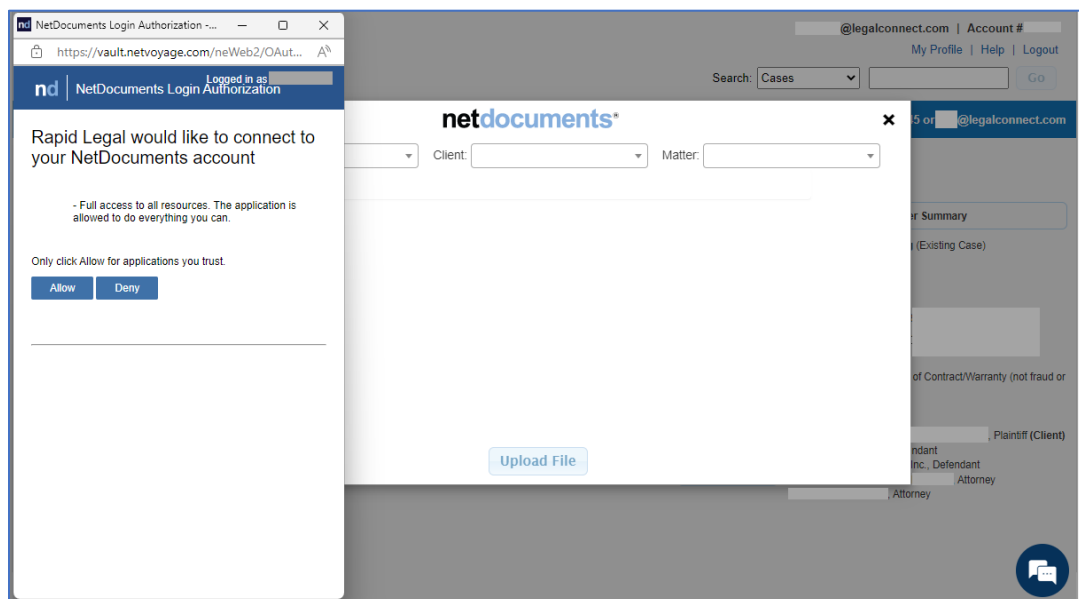

The screenshot shows the RapidLegal eFiling interface. At the top, there is a navigation bar with the RapidLegal logo, user information, and a search bar. Below the navigation bar, there are tabs for 'Place Order', 'Manage Cases', 'Pending Orders', and 'Closed Orders'. The 'Documents' tab is selected. The main content area is divided into two columns. The left column contains a form with the following sections: '1. Select Document Type' with radio buttons for 'Contains' and 'Starts With', a text input field for 'Notice (name extension)', and a 'Browse' button. Below this is a 'Documents To Be Filed' section with a dropdown menu showing 'Local Computer' and 'NetDocuments'. The right column contains an 'Order Summary' section with details for an existing case, including County, Case Info, and Case Participants. A 'Save As Draft' button is located at the bottom right of the form area.

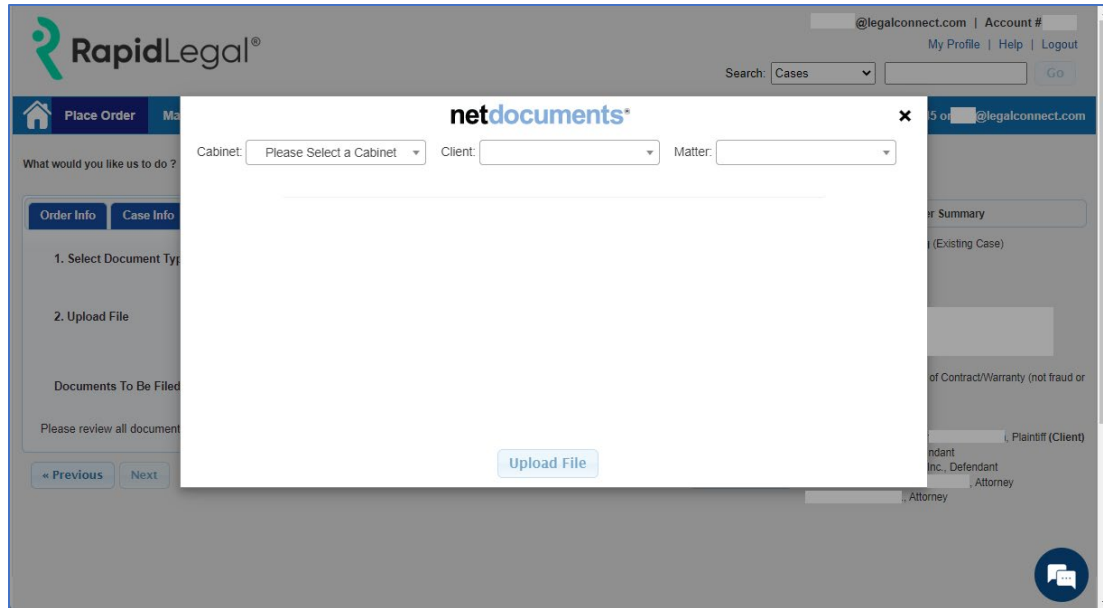

2. A pop-up window will open asking you to enter your NetDocuments credentials.

3. After providing your NetDocuments credentials, you will be asked to allow the connection to your NetDocuments account.

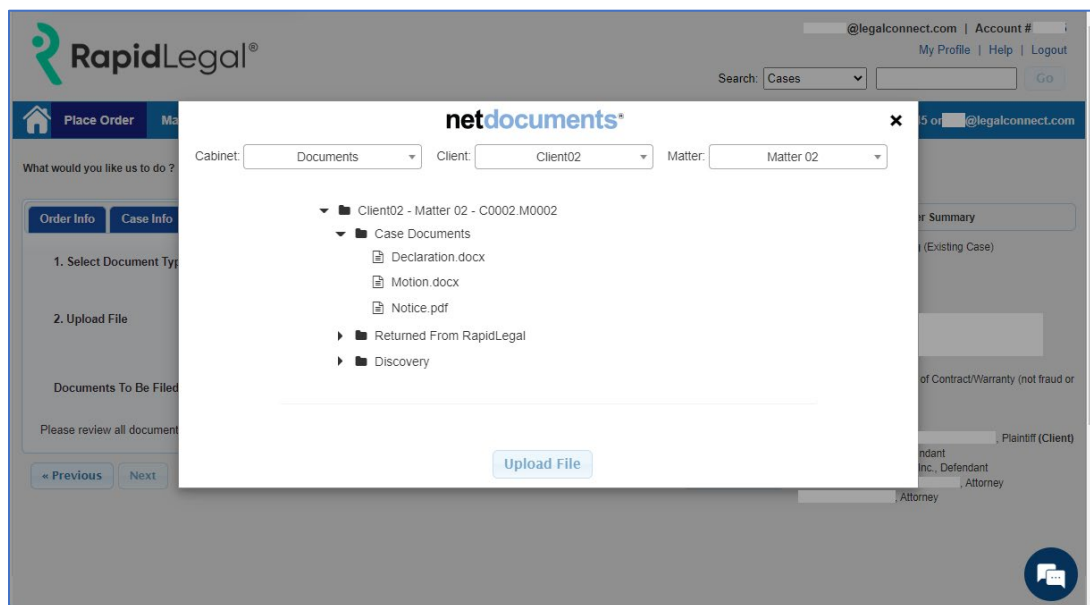

4. Once the connection is allowed, the pop-up window closes, and you will be returned to the Rapid Legal order process and see the NetDocuments file selection window.

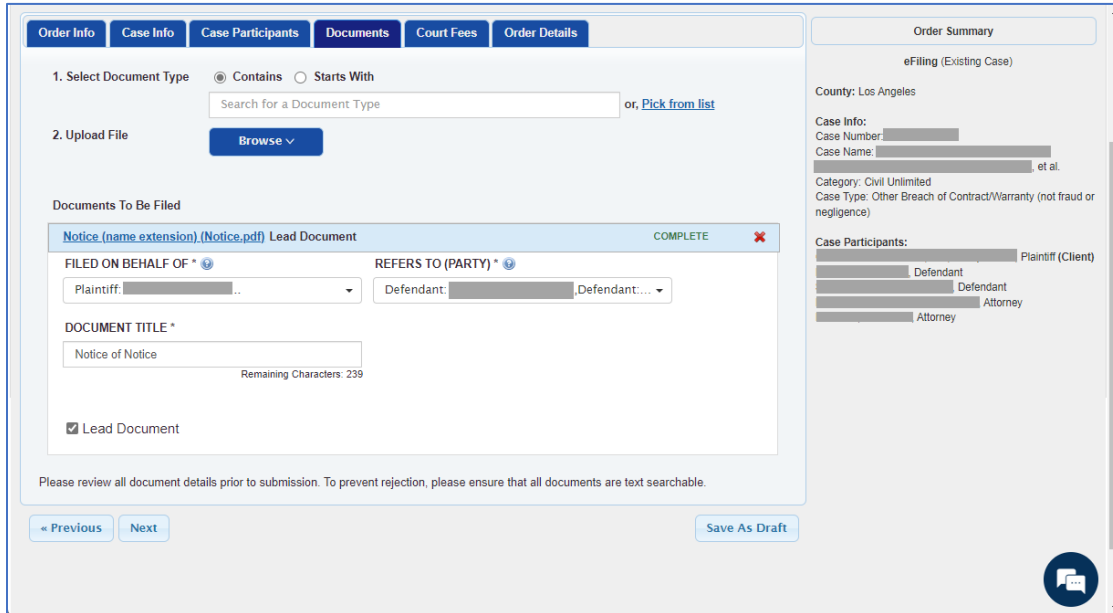

Uploading a Document to Rapid Legal from NetDocuments

5. After establishing the connection between Rapid Legal and NetDocuments, you can browse to a NetDocuments Cabinet, Client, and Matter and see the folders and files.

6. After selecting a file and clicking the “Upload File” button, the document is pulled directly from NetDocuments into Rapid Legal, added to your order, and appears in the “Documents To Be Filed” section. **PLEASE NOTE:** All document PDFs must conform to court rules for submission. A password-protected, or fillable pdf document will cause an error message to be displayed.

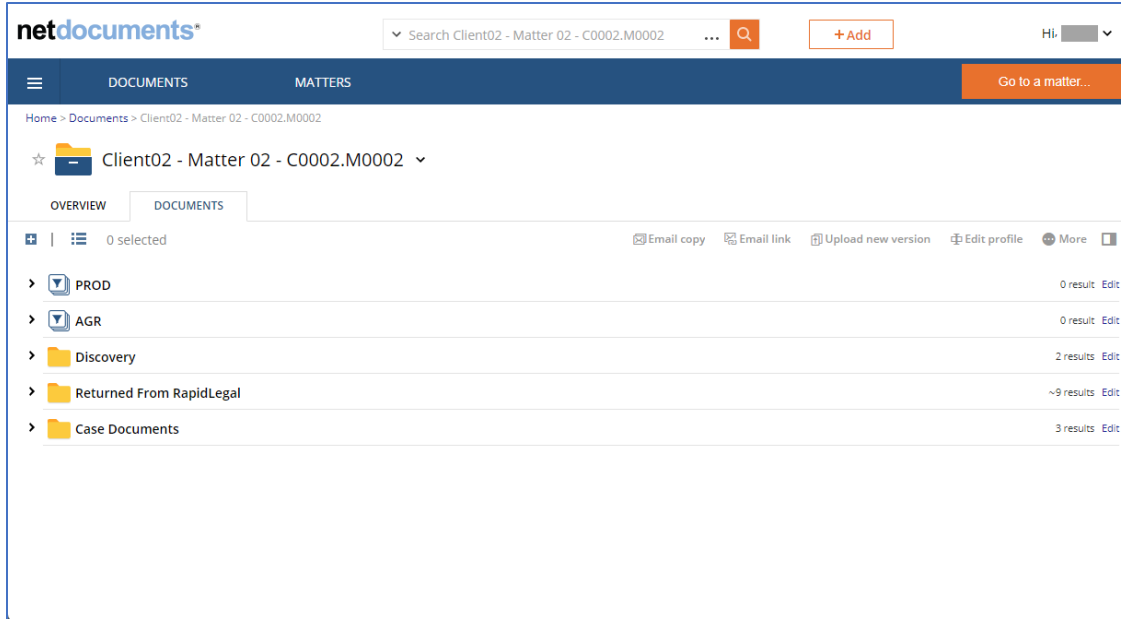

The screenshot displays the 'Documents' tab in the Rapid Legal interface. The main area is titled 'Documents To Be Filed' and contains a form for uploading a document. The form includes a '1. Select Document Type' section with radio buttons for 'Contains' (selected) and 'Starts With', and a search box for 'Search for a Document Type' with a link to 'Pick from list'. Below this is a '2. Upload File' section with a 'Browse' button. The 'Documents To Be Filed' section shows a document titled 'Notice (name extension) (Notice.pdf)' with a 'COMPLETE' status. The form fields include 'FILED ON BEHALF OF *' with a dropdown for 'Plaintiff: ..', 'REFERS TO (PARTY) *' with a dropdown for 'Defendant: ..', and 'DOCUMENT TITLE *' with a text box containing 'Notice of Notice' and 'Remaining Characters: 239'. There is a checked checkbox for 'Lead Document'. At the bottom, there are navigation buttons for '< Previous', 'Next', and 'Save As Draft'. On the right side, there is an 'Order Summary' panel showing 'eFiling (Existing Case)' for 'County: Los Angeles', with case information including Case Number, Case Name, Category (Civil Unlimited), and Case Type (Other Breach of Contract/Warranty). Case Participants are listed as Plaintiff (Client), Defendant, Defendant, and Attorney.

Viewing Documents Returned from the Court

Court-returned documents will be viewable in the “Deliverables” tab of your Rapid Legal order. You will receive an email from Rapid Legal indicating whether your eFiling order was Accepted, Rejected, or Partially Accepted, along with links to download the documents.

In addition, the court returned documents will be automatically saved into your NetDocuments account under the Client and Matter you selected when submitting the order.

1. To access, log into your NetDocuments account and navigate to the Client and Matter you selected when submitting the eFiling order in Rapid Legal. Locate the folder named “Returned from *Rapid Legal*,” whose portal you used to submit the eFiling order.

- In the folder “Order-#####” you will see all documents returned from the court including stamped conformed copies, receipts, and notices as appropriate.

The screenshot shows the NetDocuments web interface. At the top, there is a search bar with the text "Search Order-2032868" and a search icon. To the right of the search bar is a "+ Add" button and a user profile dropdown labeled "Hi". Below the search bar is a navigation bar with "DOCUMENTS" and "MATTERS" tabs, and a "Go to a matter..." button. The main content area shows a breadcrumb trail: "Home > Documents > Client01 - Matter 01 - C0001.M0001 > Returned From RapidLegal > Order-2032868". Below the breadcrumb is a folder icon and the text "Order-2032868". Underneath, it says "2 items | 0 selected". There are several action icons: "Email copy", "Email link", "Upload new version", "Edit profile", and "More". A table lists two documents:

Frequently Asked Questions

1. How do I connect to my NetDocuments account?

- Click "Place Order" and start an eFiling order. When you arrive on the "Documents" tab, select a Document Type, and click the "Browse" button. You will see the option to select "NetDocuments", select this option and a pop-up window will open where you enter your NetDocuments credentials and establish the connection.

2. Do I have to enter my NetDocuments credentials every time I submit a new eFiling order?

- The length of time that the connection between LegalConnect and NetDocuments stays active is primarily dependent on NetDocuments. If you submit a second eFiling order immediately after the first one you likely will not have to re-enter your NetDocuments credentials. However longer time periods may require you to allow the connection again. If your NetDocuments credentials are saved by your browser this will make the process quicker as they will automatically populate in the connection pop-up window.

3. Does the email address in my Rapid Legal account need to match the email address in my NetDocuments account?

- No. Your NetDocuments email and password do not need to match your Rapid Legal email and password. If your NetDocuments credentials are valid the connection will be established.

4. Can I upload more than 1 document from NetDocuments to Rapid Legal in an eFiling order?

- a. Yes. Multiple documents can be loaded into Rapid Legal from NetDocuments in the same way that you are able to upload multiple documents from your local computer.

5. What types of files are supported by the integration? Will Rapid Legal convert my Microsoft Word files to PDF?

- a. All document types currently supported by Rapid Legal for upload from your local computer are also supported for upload from NetDocuments including PDF, MS Word, Rich Text Files, and many others. Any file that is not a PDF will be automatically converted to PDF by Rapid Legal before being submitted to the court.
